EDUCATION

General Assembly

An immersive 3 month, 80+ hrs per week spent creating full-stack web applications. Educated in wire-framing, database and RESTful routing. Experience in working with UX Designers to create functional applications via MEAN stack

University of Alaska Anchorage

BS Civil Engineering
ASCE (American Society of Civil Engineers)

SUMMARY

I am solution driven, problem solving is my passion. I want an opportunity to work for a company that shares the same passion as I do. I love to be collaborative. I work in an agile environment meaning process is always improving. You are either cutting cost or increasing productivity for revenue.

TECHNICAL SKILLS

FRAMEWORKS

Node.js - Rails - AngularJS

LANGUAGE

JavaScript - Ruby - HTML5 - CSS

LIBRARIES

jQuery - Bootstrap

OTHER

AJAX - Heroku - Git/Github - JSON
- Bcrypt - PostgreSQL - MongoDB

PROJECTS

Flappy Bird

Recreated the Flappy Bird game using pure HTML, CSS and JQuery.

Eventurous

Built a responsive web application with full CRUD functionality using Express framework for Node and PostgreSQL. Using Cloudinary and Google Maps API.

Lyrical

A web application for music lovers. Designed with simplicity in mind, Lyrical uses iTunes and MusiqMatch API to give the user a welcoming experience. Built using AngularJS, Lyrical allows the user to search for lyrics and play music at the same time.

UFC Daily News

A UFC daily news where you can get the latest and upcoming events on UFC. Information ranging from fighter's record to buying tickets via Ticketmaster for events. Built using AngularJS and designed with Bootstrap and CSS.
